

Rhino
Rescue

2024

CATALOG

BE PREPARED TO SAVE LIVES

CONTENTS

According to the world health organization (who), as many as 2 million people may die unnecessarily each year due to lack of first aid. We are members of the international committee of red cross(icrc) and have witnessed too many preventable accidents. Over the years we attracted a team full of talented, reliable and passionate people that share the same concept and formed an organization named rhino rescue. The purpose of rhino rescue is to promote fast saving, efficient usability and protect lives.
